Italian (Basic)
Position Sought: Engineer on Motor or Sailing
yacht.
Marital Status: Single
Additional information: Non-smoker, non-drinker.
No tattoos or piercings,
No criminal record
Compulsory Military service completed (15 Months)
Current Location: Turkey
Career Objective: To secure a permanent position on a yacht and utilize my skills as an Engineer.

General information:

I have acquired knowledge and training from the Turkish Military and gained significant experience on board both cargo vessels and yachts. This includes extensive repair, maintenance, overhaul and operation of marine engines, electrical systems, electronics, refrigeration, air conditioning systems associated with my daily duties. I have also been responsible for the normal tasks of laying and recovering anchors, running tenders, standing watches and the general cleaning and maintenance on board. I have kept logs for various vessels including service records, bunkering and those required by MARPOL, spare parts inventories and safety drills. As a loyal employee I believe that with my experience, knowledge and passion for work I will be an asset to your vessel to work in a clean and safe environment.
